Self Made Assignment - CoreIDRAW

Grouping and Aranging Object

Instructions:-

1. Make the Snowman:

- **Face:** Add 2 black eyes, 1 orange triangle (nose), and 5-6 small black circles for the mouth.
- **Arms:** Use 2 angled lines from the middle circle.
- **Buttons:** Add 2-3 small black circles on the body.

2. Group All Shapes:

- Select all parts of the snowman.
- Right-click → **Group** (or press Ctrl + G).

3. Center the Snowman:

- Select the grouped snowman.
- Use **Align Center** and **Align Middle** to center it on the slide.
