

Q1

⇒ Smallest cell :- RBC
largest cell :- Nerve cell

Q2

⇒ ~~All cell existing cells are~~
⇒ All cell arise from pre-existing cell lewinhoke suggest this.

Q3

⇒

Q4

membrane

⇒ The plasma⁻ membrane allows the entry or exit of substances in the cell. It is also called selectively permeable membrane

Q5

⇒ Plasma membrane :- It allows the entry or exit of the ~~cell~~ substances in the cell.

Date _____
Page _____

- 2) It structure like Jelly
- 3) It found in plant cell.
- ⇒ cell wall :- It's structure like thick wall
- 2) It is also found in plant cell.
